

BAROSSA VALLEY
ESTATE

WINEMAKERS

2004 Ebenezer Shiraz

Background Information

The picturesque village of Ebenezer was founded in the northern region of the Barossa Valley in 1851. The first vineyards at Ebenezer were established at the time of settlement and have been painstakingly nurtured ever since. It is from these vineyards that the Barossa Valley Estate Ebenezer range was born.

Tasting Notes

Deep blood red in appearance with quick purple hues, and a nose of lifted black cherries and plums with chocolate, mocha, pepper and some toast caramel oak tones. The palate is full, rich and ripe with firm flesh, concentration, and ripe rounded tannins. The finish is clean and long with fresh fruit flavours persisting well.

Winemaker's Notes

Fruit for the Ebenezer range of wines are picked predominantly from low cropping older vineyards in the northern area of the Barossa Valley, typical for wines that are rich and full bodied with intense varietal and regional character. Traditional winemaking techniques were employed to ensure fruit intensity and length, for best display of the regionality of this area.
